

## Contents

### Experimental Researches

- Effects of arbuscular mycorrhiza fungi inoculation on maize root distribution and water use characteristics in spongy reconstructed soil layer ..... Bi Yinli, Li Han, Ke Zengming, et al (1)
- Effects of different band spacings of sand-fixation forest belts on soil moisture and vegetation community characteristics in riverbank sandy areas ..... Huang Wei, Yang Guang, Ma Yong, et al (9)
- Effects of different planting restoration patterns on runoff and sediment reduction on abandoned soil slopes ..... Zhao Liming, Chen Lei, Zhu Haoyu, et al (20)
- Relationship between plant functional group quantitative characteristics and sand transport in desert grasslands under grazing disturbance ..... Guo Zhenning, Sun Shixian, Zhang Yan, et al (29)
- Effect of cohesive soil content on water properties of improved gravel soil in Jiuzhaigou Region ..... Zhu Jinyu, Pei Xiangjun, Xiao Weiyang, et al (40)
- Effects of soil straw hole injection on soil moisture content and crop growth ..... Li Mengqi, Xiao Hui, Zhang Hui, et al (50)
- Chemical characteristics of surface water and suitability for irrigation at Lingjiang River basin in Southern Zhejiang Province ..... Zhou Shiyang, Xiang Fan, Yuan Dongfang, et al (57)
- Effects of Polyacrylamide on detachment and sediment production process of granite-derived sandy soil ..... Zhang Shu, Zhang Yong, Zhang Guanghui, et al (68)
- Variation in number of wildfires and its interaction with soil moisture on Indo-China Peninsula ..... Zhao Pingwei, Ji Wenjuan, Zhang Maosong, et al (76)

### Soil and Water Conservation Monitoring and Applied Technology

- Security measurement and early warning of regional innovation ecosystem in Shaanxi Province based on ecological niche perspective ..... Wu Yanxia, Jiang Mingyue, Yang Shuaishuai (86)
- Health evaluation of life communities of mountains-rivers-forests-farmlands-lakes-grasslands in source area of Qiantang River in Zhejiang Province ..... Su Min, Yu Fangbo, Fang Xiaobo (97)
- Ensemble Kalman filter assimilation method for stability evaluation of loess landslides ..... Wang Mengyang, Wei Guanjun, Gao Maoning (109)
- Evaluation of land carrying capacity of livestock and poultry manure in Hunan Province ..... Li Li, Xia Weisheng, Zhou Hao (118)
- Inundation risk at Panyu District of Guangzhou City evaluation by refined survey and mapping data ..... Gan Liqin, Cheng Mingyu (127)
- Temporal and spatial variation characteristics of precipitation and drought-waterlogging encounter probability in water source and receiving areas of middle route project of south-to-north water diversion project ..... Chen Xixi, Qu Yanping, Lyu Juan, et al (136)
- Evolution characteristics of runoff and sediment fluxes of Yellow River, Yangtze River and Pearl River into sea during 1960—2020 ..... Zheng Huiling, Wang Yonghong (147)
- Measurement and function optimization of county territorial spatial conflict based on comprehensive perspective  
—A case study of Yihuang County, Jiangxi Province ..... Xiang Fangfang, Huang Liping, Chen Rongqing (158)
- Regionalization and prevention countermeasures for wind erosion in Wuwei City of Gansu Province ..... Jin Feng, Xing Yu, Zhou Ying, et al (172)
- Spatio-temporal variations of soil conservation services and matching of supply and demand in Changchun-Jilin-Tumen region ..... Qing Shijia, Li Hong, Yin Jingbo (181)
- Geological hazard susceptibility evaluation based on a statistical method coupled with geographic detector  
—A case study in mountainous area of Lüliang City ..... Gao Xingxing, Ma Pengfei, Lü Yiqing, et al (193)

### Comprehensive Researches

- Regional differences in cultivated land utilization efficiency and its influencing factors for major grain producing areas in China ..... Zhu Mengfan, Li Jingsuo (206)

Spatial and temporal variability and driving factors of soil erosion in hilly areas of Southeast China  
—A case study of Zhangjiajie City, Hunan Province ..... Xu Liuyang, Guo Weiling, Jia Jiang (218)

Relationship between land use evolution and urbanization in Chongqing City based on ecological-  
productional-living spaces ..... Shi Feiyun, Zhou Baotong (227)

Impacts of land use changes on fractional vegetation coverage of Hubei Province from 2000 to 2020  
..... Rong Weikang, Xu Tianle, Ge Xiaodong, et al (238)

Spatial evolution characteristics and affecting factors of ecological product value in Hebei Province from  
2010 to 2020 ..... Dai Rulei, Liang Yanqing, Huang Zhiying, et al (247)

Spatial-temporal changes and influencing factors of ecological quality for “intelligent mine” sites in Yongjing  
County, Gansu Province from 2009 to 2022 ..... Li Xiaoling, Lü Wenxia, Yao Wutao, et al (259)

Quality change and driving factors of grassland ecological environment in Xilingol League from 2000 to  
2021 ..... Ye Bowen, Sun Biao, Shi Xiaohong, et al (271)

Spatial-temporal evolution of ecological environmental quality and driving factors in Shenmu City of  
Shaanxi Province from 2010 to 2020 ..... Sun Weijie, He Lu, Yu Qiang, et al (284)

Spatiotemporal evolution characteristics of cultivated land non-agriculturalization in Fujian Province  
from 1980 to 2020 ..... Shi Qi, Wang Wenlan (293)

Spatio-temporal evolution and main “natural socio-economic” factors affecting habitat quality in  
Jiangxi Province ..... Zhang Ziwei, Zhang Ziyi, Zhang Liting (303)

Coupling coordination between intensification and scale of cultivated land in Inner Mongolia during  
2006—2021 ..... Hao Yan, Zhang Yufeng (314)

Dynamics changes and driving mechanisms of vegetation in Aksu River basin from 2000 to 2020  
..... Xu Li, Yue Shengru, Hu Xuefei (326)

Changes of ecosystem service value and ecological risk in Kunming City based on GEE  
..... Feng Jingwen, Ding Xue, Yi Bangjin (335)

Spatio-temporal variation of fractional vegetation cover and its recovery potential in Shaanxi Province  
..... Li Yuanyuan, Sun Jingyan, Yang Xiangyun, et al (346)

Spatiotemporal evolution of soil conservation founction value and its driving forces in Harbin City  
..... Qi Yuxin, Zhao Congcong, Shen Peixin, et al (357)

**Carbon Effect Researches**

Spatotemporal patterns and drivering factors of ecological compensation at County scale in Beijing-Tianjin-  
Hebei region under threshold modified of carbon deficit ..... Yan Feng, Liu Xin, Pang Jiao, et al (368)

Spatial-temporal differentiation and dynamic evolution characteristics of carbon neutral effect in  
agriculture and rural areas of China ..... Xiong Yuanyuan, Su Yang (378)

Spatial differentiation and dynamic evolution of carbon emission efficiency of grain production in five  
provinces of Huang-Huai-Hai region ..... Miao Qing, Zhai Yijie, Hu Lulu (389)

Hydrodynamics and <sup>13</sup>C isotopic characteristics of non-uniform enrichment of light and heavy fractions  
of organic carbon in eroded sediments on sloping land subjected to sheet erosion  
..... Qu Jiuqi, Liu Lin, Wang Shanqi (399)

Spatiotemporal evolution and prediction of carbon storage in Pearl River delta based on PLUS and  
InVEST models ..... Liao Chaoming, Wei Yuanyuan, Yun Ziheng, et al (410)

Spatial-temporal evolution of productional-living-ecological functions and their carbon emission effects in  
Liaoning Province ..... Huang Dong, Liu Yuezong, Liu Jianning, et al (421)

Assessment of land use change and carbon storage in Maowei Sea of Guangxi Zhuang Autonomous  
Region based on InVEST model ..... Wu Shuyan, Zhu Qinglin, Zhai Huanfeng (432)

Response of carbon storage to land use/cover changes and vulnerability for Central Guizhou urban  
agglomeration ..... Wan Haifeng, Meng Youbo, Chen Yang, et al (443)

Land use changes in blue-green space and their impacts on carbon storage in Daxing’an Mountains of  
Heilongjiang Province from 2015 to 2020 ..... Gao Mingyang, Zhang Junling, Shi Song, et al (453)

Simulating carbon sinks and determining driving factors of Inner Mongolia section in Yellow River basin  
..... Haoriwa, Zhou Ruiping, Hu Sile, et al (465)
